

## Cut Waste costs - help facilitate play

Children's Scrapstore is a Bristol charity with a combined focus on waste reuse and improving play opportunities for children and young people. We locate and re-use industrial by-products, surplus materials and waste from the business community. These are passed on to over 1000 groups working with children and young people for re-use as art, play and educational materials.

## Benefits to you:

The benefits of donating your company's waste include:

- Reduce waste costs
- Contribution to ISO 14001/ BS 8555 certification
- A certificate for waste audit trail purposes
- Free collections
- Improved environmental processes and public image.

# Free Waste Collection

We collect waste and are always looking for new items of scrap and new suppliers. This service is free and we divert around 200 tonnes from landfill each year.

Materials we collect are wide-ranging and include:

- Production offcuts and by-products
- Rejected quality control batches
- Bankrupt and redundant stock
- Bulk quantities of unused raw materials, components and packaging.
